

SEEKING ADMISSION OF JEWS TO PALESTINE - 1947

The Executive Board of the National Federation of Temple Sisterhoods, in annual session assembled, urges that, while hearings on Palestine which began before the special Assembly of the United Nations on April 28 are continuing and, until reports shall be rendered and action taken thereon, as many Jews as possible be admitted into Palestine which is the chief haven for surviving displaced Jews. This body urges, furthermore, that under the mandate which is still in force, Great Britain be requested to return now to her obligation and duties in Palestine, chief of which is to keep open the doors of that country to Jewish immigration. Respectfully, it is urged that the United States representative at the hearings on Palestine exert his strongest effort to achieve these ends.
